

HIV Prevention England LDP monitoring

2014-2015: Consolidated Q1, Q2 & Q3 Report

Final Report: 1st Feb 2014

Executive Summary

In quarters 1,2 and 3 of 2014-15, the HIV Prevention England Local Delivery Partners (LDPs) reported **5709** different interventions (excluding testing sessions) to support *It Starts With Me* (ISWM) blasts 1-4. These 5709 interventions reached **55,402** people and delivered an HIV test to 4602 people.

The most common intervention (66%) was [1-2-1 information and advice](#) (3756 sessions reaching 42,200 people). The vast majority of [1-2-1 information and advice](#) sessions occurred face-to-face but 5% occurred online. All the online [1-2-1 information and advice](#) occurred in the MSM work-stream.

[Group information and advice \(outreach or centre based\)](#) was reported by 22 LDPs, but was far more common among those serving African rather than gay communities. 573 group information and advice sessions reached 7907 people. Most of the remaining interventions were either 1-2-1 therapeutic, group therapy or motivational interviewing or provided opportunities to test for HIV in the community.

Testing opportunities were offered in [community clinics](#) (in organisations, saunas and churches for example) or at other community venues. Overall, 8% of people encountering an HPE intervention were tested (4602 people tested out of 55,402). Of those tested by HPE partners, 91% were African or MSM (or both), though substantially more were MSM (2807 men) than African (1371 people). Of the 4602 people tested as part of HPE in quarters 1,2 & 3, 41 received a reactive result giving a positivity rate of 0.9%.

Format of this report

The tables on pages 2 and 3 summarise all the interventions reported by LDPs in quarters 1,2 & 3 of 2014-15. Where a column is split in half, the left hand side show the number of sessions of that intervention, and the right hand side shows the number of people reached.

Pages 4 -7 summarise all 1-2-1 information and advice provision in quarters 1, 2 & 3 of 2014-15.

Pages 8 -11 summarise all group information and advice across the partnership in quarters 1, 2 & 3 of 2014-15.

Pages 12-13 summarise all HIV testing sessions offered in quarters 1, 2 & 3. Most occurred in the office of the providing organisations, with others at community settings like saunas and bars.

Pages 14-15 summarise all the motivational interviewing offered by ten LDPs in quarters 1, 2 & 3.

Pages 16-17 summarise all the 1-2-1 therapeutic interventions offered by LDPs in quarter 1, 2 & 3.

Pages 18-19 summarise the group therapeutic interventions offered by LDPs in quarter 1, 2 & 3.
