

HIV Prevention England LDP monitoring

2014-2015: Quarter 1 report

Executive Summary

In quarter 1 of 2014-15, the HIV Prevention England Local Delivery Partners (LDPs) reported **2,540** different interventions (excluding testing sessions) to support *It Starts With Me* (ISWM) blasts 1 and 2 and 3 and 4. These 2,540 interventions reached 18,839 people and delivered an HIV test to 1,411 people.

The most common intervention was [1-2-1 information and advice](#) (2,118 sessions reaching 15,222 people). The vast majority of [1-2-1 information and advice](#) sessions occurred face-to-face with just about one-in-seven (13%) occurring online.

[Group information and advice \(outreach or centre based\)](#) was reported by 18 LDPs, but was far more common among those serving African rather than gay communities. 147 group information and advice sessions reached 2,005 people. Most of the remaining interventions were either 1-2-1 therapeutic, group therapy or motivational interviewing or provided opportunities to test for HIV in the community.

Testing opportunities were offered in [community clinics](#) (in organisations, saunas and churches for example) or at other community venues or tests were directly mailed out for home sampling. Overall, 13.4% of people encountering an HPE intervention were tested (1,411 people tested of 18,839). Of those tested by HPE partners, 88% were African or MSM (or both), though substantially more were MSM (958 men) than African (352 people). Of the 1,411 people tested as part of HPE in quarter 1 of 2014-2015, 10 received a positive diagnosis giving a positivity rate of 0.7% or 7 people per 1,000 tested.

Final Report: 21st August 2014

Format of this report

The tables on pages 2 and 3 summarise all the interventions reported by African and MSM LDPs in the whole of 2013-14. Where a column is split in half, the left hand side show the number of sessions of that intervention, and the right hand side shows the number of people reached.

Pages 4 -7 summarise all 1-2-1 information and advice provision across the partnership in quarter 1 of 2014-15.

Pages 8 -11 summarise all group information and advice across the partnership in quarter 1 of 2014-15.

Pages 12-13 summarise all HIV testing sessions offered in quarter 1 of 2014-15. Most occurred in the office of the providing organisations, with others at community settings like saunas and bars.

Pages 14-15 summarise all the motivational interviewing offered in quarter 1 of 2014-15.

Pages 16-17 summarise all the 1-2-1 therapeutic interventions offered in quarter 1 of 2014-15.

Pages 18-19 summarise the group therapeutic interventions offered in quarter 1 of 2014-15.
